

HEALTH ASSISTANT

Garden Grove Unified School District - Garden Grove. P/T, M – F: 3 hrs/day. \$19.48 - \$23.74/hr. Closing: 9/18/2020 5:00 PM. Records and maintains student health data; (i.e. maintains records of students referred to the school health office, medication records, and immunization records) all in a confidential manner. Assures there is a health record on file for every student, and alerts school nurse to serious medical conditions e.g. diabetes, seizures, cardiac problems, cancer, and any severe allergies. Takes temperatures; administers minor first aid; administers student medications in accordance with established district policy and procedures. Notifies site administrator and school nurses as early as possible of serious illness or injury. Performs specialized health procedures, (i.e. basic blood sugar readings, assists in asthmatic breathing treatments or toileting) as trained and assigned. Keeps health office and equipment clean and orderly; maintains inventory of health office and first aid supplies and submits orders, as appropriate. Serves as a continuing liaison between home and school; distributes health notices. Assists parents in completing necessary enrollment, consent, and medical forms. Assists in the process of meeting identified medical needs of children and following up within district guidelines. Makes referrals to community resources for children and families, in accordance with guidelines. Monitors classroom and school attendance patterns. Compiles required statistics and reports for Federal, State, and local agencies as required. Performs a variety of related clerical duties. Participates in scheduled staff development meetings, as assigned. Works in the health room of a school with regular exposure to a variety of illnesses and ailments (including exposure to bodily fluids), commonly found among schoolchildren; goes to and from various sites on campus to attend to ill or injured students. Graduation from high school, or equivalent. One year of experience in office clerical work is desirable. Some experience working with community service organizations is highly desirable. Any other combination of training and experience which would likely provide the required skills, knowledge and abilities may be considered. Possess and maintain per CPR and First Aid guidelines a valid First Aid Certificate and a Cardio-Pulmonary Resuscitation Certificate (through classes endorsed by the American Heart Association or American Red Cross). A copy of current certification cards must be submitted at the time of the multiple choice test. Knowledge of: Resources and services available in the local school community. Current first aid and CPR principles and practices, as well as related health and safety precautions. Personal hygiene practices. Ability to: Understand and apply rules, regulations, procedures, and policies. Maintain accurate records. Work independently and in a confidential manner. Establish and maintain effective working relationships with students, staff, parents, and others in the community. Follow oral and written instructions. Follow current universal precautions relative to first aid methods and appropriate responses to illness and injury. Understand and correctly implement specialized medical procedures as trained (i.e. blood sugar levels, seizures, allergic reactions). Work with frequent interruptions.

PATIENT CARE TECHNICIAN

DaVita – Torrance. careers.davita.com. Must be flexible on the final home clinic placement as it may be in a different location; there is also the potential to float to various clinics during and after your training. Hours of work may vary during the training period; typically between 32-40 hours per week during training. Have a flexible schedule and be able to work mornings, evenings, weekends, and holidays. Shifts can begin as early as 4:30 am and can vary based on patient needs. Benefits. DaVita offers all new teammates a robust, paid training program to help you gain the right dialysis skills. The training is a mix of classroom and hands on training. Reimbursement for your Certified Hemodialysis Technician (CHT) license. Your expected shift will be shared during the interview process. With paid, extensive training, you will gain the skills needed to care for our patients. Through DaVita's Bridge to your Dreams program, teammates who have been in their role for six consecutive months and in good standing, are eligible to receive tuition assistance up front to pursue their dream of becoming a DaVita RN and getting their Associates Degree in Nursing. We also have dedicated training to become a Facility Administer, and training to become a Regional Operations Director. Your success is driven by your performance and desire. Spend the majority of your day in direct one-on-one patient care to provide safe, comfortable and hygienic dialysis treatment. Our PCTs care for up to 4 patients at a time. Monitor patients before, during and after dialysis treatment including measuring and recording stats, patient observations, and hemodialysis machine setup. You will have exposure to blood and needles. Build long-term relationships with your patients who are suffering from end stage renal disease and are receiving treatment on average 3 times/week. Educate patients on Kidney Dialysis related topics. Work under the supervision of a RN. Training may take place in a facility or a training clinic with a class of new teammates other than your assigned home clinic. Desire to enter the health care field to care for other people in need. High school diploma or equivalent. Comfortable working around blood and needles. Physical and mental ability to work long hours (some shifts are 12+ hours) on your feet so wear comfortable shoes! Our work ends when it's safe for our patients. Willingness to train and work across multiple clinics within the territory as needed. Health care experience a plus including: BONENT Certified, Certified Hemodialysis Technician (CHT), Certified Nursing Assistant (CNA), Certified Medical Assistant (CMA), or Phlebotomy certification.

VETCO VETERINARY ASSISTANT

Petco - Redondo Beach. P/T. Our Vetco vaccination clinics offer a variety of preventive care services for healthy dogs and cats inside Petco and Unleashed by Petco retail stores across the US. Rather than having a permanent presence, these clinics function like pop-ups inside Petco stores: our crew and veterinarian arrive at the store with the equipment, vaccines, medications, and everything else they need to take care of the pets they see. Meet your veterinary team at our local dispatch office, then travel to your assigned Petco clinic locations for the day. At the clinics, your team of veterinary assistants will greet the pet parents and recommend the veterinary services that will best protect their pets. Assist the Veterinarian so the services can be administered and thank the pet parent for protecting their pet! Must love dogs and cats...and people too! Team player who thrives on supporting the team in every way. Make educated recommendations to our clients and providing exceptional customer service. Works hard and has fun doing it! Eager to learn. Ability to work in changing environments, traveling throughout our Market. Responsible and accountable. A can-do attitude.
