

VIDEOGRAPHER AND EDITOR

Sunclean – La Mirada. www.overcomeracademyje.com F/T. \$17 - \$25/hr. Familiar with filming and editing with software. Work directly with our CEO filming all of his videos and content creation that we do online. Our company is a online coaching business that helps other entrepreneurs scale and build their companies. Your video skills will allow us to create content on the following platforms, youtube, Linked in, Instagram and facebook. Your videos will be used for all of our ads and website funnels that we are constantly updating. Instead of you being just a number in a company you will be part of a team and a growing company that the opportunity can be endless. Video work. Edit videos (adding text or jump cutting the videos.) Some graphic design. Be part of our marketing meetings so your videos match our campaigns. Work side by side with the CEO and pick his brain. Post videos on social media. As long as you know how to use a camera and also edit you will be good to go. Having your own camera equipment and software you use for editing will help but not required these days as our phones are pretty top notch. We are getting ready to build out a studio as well your help will be needed.
